Software Engineering Undergraduate

Profile

Undergraduate

I am a dedicated first-year undergraduate student pursuing a BSc(Hons) in Software Engineering from Birmingham City University, UK, currently studying at a Java Institute for Advanced Technologies in Sri Lanka. My journey in software development is driven by a strong passion for technology and problem-solving. I have experience in various programming languages and frameworks, and I am continuously enhancing my skills to deliver high-quality solutions.

I am committed to effective project management and user experience design, striving to create seamless and intuitive user interfaces. My goal is to leverage my technical expertise and innovative mindset to contribute to impactful projects in the tech industry.
